DESCRIPTION

15 × 22 in | Oil on wood | 2026 | Oval frame

Divine Outcast reimagines women from mythology, religion, and art history whose stories were distorted by fear, shame, or misunderstanding. These portraits give them back their voices. Not as symbols or warnings, but as women reclaiming their own narratives.

Thetis was powerful enough to shape destinies, yet was denied the right to shape her own. When the gods sought to control her future, she resisted, transforming herself into fire, water, animals, and storm. This portrait captures her suspended between transformation and restraint. She is a woman whose power was feared, but whose story was never fully told.
